- Writing Classes

Coming Soon for Tutors

- Supplemental Material Workshop

Tutors Still Needed

The need in our community for English language skills continues to grow. With that, the number of students on our waitlist is growing as well. Please share this need with friends, family members, and co-workers. One of the best recruitment methods is word of mouth! You may direct them to the website or have them call or email DeEtte Radant.

A Need For Tutor Trainers

Remember the tutor training workshop you had attended at some point? The trainers that lead these workshops, are dedicated to teaching our future tutors. We currently have four trainers that lead our workshops. Our goal is to build this team so that we have a larger pool to choose from as needed. The training is hands-on and begins with observing the workshops and continues with the trainee teaching sections as they feel comfortable. Please contact DeEtte Radant for more details.

*"We ourselves feel that what we are doing is just a drop in the ocean.
But the ocean would be less because of that missing drop." Mother Teresa*
